Paul – I guess this means you need to do a new e-Discovery request for this one. The first line reviewer should be Peter Gimlin and the second line should be Erik Winchester.

So on Thursday I spoke to DesRoches counsel. He is OK with a FOIA response that addresses each point raised in the attached. He is not interested in internal to the Agency communications between identified EPA staff and those persons' internal support or subordinates. That's a reasonably big change.

Can you communicate from now on with Mr. DesRoches? He will likely want some indication of when documents will be made available.

Any follow up to our previous conversation?

Subject: Proposed final language

Hi Scott, I put together everything I could find based on the history of the requests and came up with the attached. Let me know if this is something we can work with.
